

Locating Your Gauge Has Never Been Easier!

NukeTrack™ Nuclear Gauge Tracker

Ever wonder what happens if you lose your nuclear gauge? Now 2 of the industry-best gauges, **InstroTek's Xplorer 2™** and **CPN's MC3 Elite™** can come equipped with smart GPS tracking! Locate your gauge through any computer or mobile device. With unique GPS hybrid tracking, these gauges can now be tracked to see what route they are on or have been traveling on and where they are... *from anywhere in the world!*

XPLORER²
Model 3500

MC3 Elite™

innovators in instrumentation technology
